

KAI SHIN SUI Introduction

KAI SHIN SUI can fortify skin barrier function and enhance skin's self-moisturizing power inherent in each individual human being to make the bare skin natural beauty. The more you use KAI SHIN SUI, the more you can see that KAI SHIN SUI will change your bare skin.

KAI SHIN SUI is different than conventional lotions that supply artificial moisture (Functional ingredients) and help look the skin younger and prettier in no time.

Effectiveness

- Is great for preparing the skin.
- Is great for preventing rough skin.
- Is great for protecting the skin.
- Moisture can be supplied to the skin in the form of an emulsion of oil and water, using natural surfactants (plant based surfactants).
- Helps keep skin well-hydrated with a nice layer of lipid (fat) beneath the skin to protect the internal moisture.
- Is great for preventing dry skin.
- Is great for making skin even.
- Is great for keeping skin healthy and glowing for years to come.
- Is good for tightening skin.
- Is good for giving the skin its flexibility and strength.
- Is good for softening skin.
- Is good for smoothing skin.
- Is good for cleansing skin to prevent from getting acne and sweat rash.
